TO MOTHERS AND MARRIED LADIES.
This Extract of Sarsaparilla has been expressly repared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be de-layed for several years by using thisemedicine. Nor is it less valuable for those who are approaching wo-manhood, it is calculated to assist nature by quick-ening the blood and invigorating the system. Indeed this medecine is invaluable for all the diseases to

which women are subject.
It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and dis-

DISEASE OF THE HEART, RUPTURE AND DROPSY NEW YORK, July, 22, 1846.

DR. Townsend-Dear Sir : My wile has been afflicted with a terrible rapture for over fifteen years' the greater part of the time. She has been troubled with shortness of breath & great fluttering of the heat, which has been very distressing, and has frequently been unable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little benefit. When she had ta-

ken but three bottles of your excellent medicine she was entirely relieved of the disease of the heart, and the rupture has almost entirely disappeared.

She has also had the dropsy, and was very much swollen. We had no idea that she could be so benefited, as she had such a complication of diseases. But it has, as strange as it may appear, relieved her of the dropsy. I am aware that this statement is so strange as to appear almost like fiction, but it is sober reality. Your Sarsaparilla is certainly a valuable medicine, and should be used by every one that s suffering as we have been. If any disbelieve this account, they are at liberty to call at my house and have ocular demonstration. Yours, respectfully, WILLIAM TOWSER, 1 James st.
